Since its inaugural 1976 vintage, Jordan wines have been renowned for their consistency. Both the vineyard and winery lie nestled in the hills of Alexander Valley in Sonoma County, California. Jordan also carries the distinction of being named one of the first wineries certified in the Sonoma Green Business Program (1999) and in the Bay Area Green Business Program (2000).

Founded by Judy Jordan in 1986, J Vineyards & Winery is an independently owned Sonoma County winery. It boasts a state-of-the-art facility that houses, in essence, two wineries under one roof— J sparkling wine and J varietal wines. The label's terroir-driven varietal wines are produced from estate grown grapes farmed primarily within Sonoma County's Russian River Valley appellation.
