Tropicana Premieres Atlantic City's Newest Gaming Destination

Accentuates Cuban-theme throughout slot environment that envelops the senses, entices players

ATLANTIC CITY, NJ – May 1, 2008 – Atlantic City's Tropicana Casino & Resort announces their plans for the opening of their new slot environment. "*Havana Rooftop Slots*" is a 3,000 square-foot raised section of its casino that has been completely transformed into an all-encompassing themed slot environment. New and current guests will experience this unique opportunity for themselves in this one-of-a-kind slot offering. Havana Rooftop Slots will debut beginning May 15th with a VIP/ Media Event and official Ribbon Cutting.

Mark Giannantonio, President and COO, Tropicana Casino & Resort says, "The attention to detail in creating Havana Rooftop Slots has exceeded my expectations. We are excited to be the first in AC to offer this unique slot area, and it will definitely be a competitive advantage in slot merchandising within the marketplace."

The Havana Rooftop Slots project was developed in total from slot manufacturer and casino supply company, AC Coin & Slot, who designed and constructed the environment and provided 165 IGT® slot games for the project (including one bank of custom-themed slot machines), hand-painted murals, custom signage, and ergonomic slot bases and seating.

"Tropicana gave us the autonomy to utilize our skill sets of design and implementation to create this total slot environment package", said Jason Seelig, AC Coin & Slot Executive Vice President, Corporate Sales. "Trop is leading the way as we foresee this as a trend more casinos will follow to more competitively merchandise their gaming offerings."

Visitors to the new slot area will be greeted by specially uniformed staff and surrounded with the sights, sounds, smells, and tastes of Old Havana, Cuba. Authentic Cuban music, vivid artwork, specialty drinks and coffees, festive lighting, and the faintest aromas of citrus and coffee that will entice the senses while players enjoy the latest in slot technology and entertainment, further distinguishing the Tropicana as *the* destination of choice for gaming enthusiasts. Patrons will feel transported to another

time and place as they lounge in plush appointments and overlook the casino floor below.

Players will also be able to try their luck with a series of 12 “Havana Gold™” progressive-link slots, which have been custom-themed by International Game Technology (IGT) specifically for the project. The Havana Gold series machines are five-reel, nine-line, 90-coin games that offer the excitement of free spin bonuses and will serve to complete the themed atmosphere.

About the Tropicana Casino & Resort

Tropicana Casino and Resort encompasses 147,240 square feet of gaming space that includes over 3600 slot machines. For additional information on the Atlantic City Tropicana, Home of The Quarter, visit the official website at www.Tropicana.net

About AC Coin & Slot

In business since 1978, AC Coin & Slot® is the largest slot manufacturer and diversified casino supply company in the Atlantic City/Philadelphia region and one of the largest privately-owned companies of its kind in the world. The company offers turnkey solutions for casinos that encompass proprietary bonusing slot machines and community games, custom interior signage, sculpted displays, ergonomic seating, and slot bases, all of which can be combined to form custom-themed slot environments. The company holds over 180 gaming licenses in all major gaming jurisdictions in North America and the Caribbean and is licensed in all Canadian provinces.

AC Coin & Slot is the exclusive distributor of IGT® gaming devices in Atlantic City and the Caribbean and utilizes proven IGT pay tables in all bonusing slot machines. For further information about our company, our people and our innovations, please visit www.ac-coin.com.
